Greater Yellowstone Region Overview and FAQ

The Greater Yellowstone regional office is based in Bozeman, MT. The proximity to Yellowstone National Park is a major draw for members of MCC's Greater Yellowstone Region. Bozeman regularly receives national attention for its quality of life and direct access to recreation. Nestled in the wide Gallatin Valley, many find bicycling the easiest way to get around town. The city is adorned by five separate mountain ranges; many of them are snow-capped throughout the year. This makes the region a hotspot for alpine skiing and other winter sports like ice climbing. There are multiple wilderness areas and world class fly fishing on the Yellowstone, Madison, Gallatin and other rivers within a 2-hour radius. Warmer days also usher in a flow of markets, concerts, festivals, and a bustling downtown.
